

COFFEE QUEEN CATER is a fast and flexible coffee brewer that brews directly into a practical 2.5 litre serving station equipped with a tap and level indicator. With a brewing time of only 4 minutes you will have the coffee ready in a moment and it is also perfect when you need to keep slightly larger quantities of coffee warm for hours, while also retaining its taste and aroma.

Cater also makes the serving of coffee simple and flexible. Remove the serving station from the coffee brewer and position it where you want the coffee to be served. The brewer has automatic water filling, built in tank and hot water tap at the front. 25 filter paper, serving station and connection hose is included. Available as single or double brewer
